

The New Separate Waste Collection in the Historic Centre

Dear fellow citizen,

To improve the city's urban decorum and protect the environment, we have decided to modify the collection system and management of separate waste collection in the Historic Centre.

The new system introduces three main changes:

- ▶ **Elimination of kerbside bag collection and introduction of 70 new above-ground ecological islands**, in addition to the existing underground ones. The new islands, called **Garby**, are located a stone's throw from homes or workplaces, are easily accessible and very convenient, close to everyone's needs, and can only be used with the new personalised card.
- ▶ **Separation of glass from plastic**: With the introduction of Garby, the new above-ground islands, glass must be delivered separately from plastic and metal packaging. At the islands, there will be two containers, one for glass and one for light multi-material (plastic and metal packaging).
- ▶ **Implementation of a system for the precise measurement of the quantity of unsorted waste produced**, so that you pay effectively for the amount of waste disposed of.

To see the updated location of the new above-ground islands, visit:
www.sistemaambientelucca.it

When and where to collect your new personalised card:

- ▶ **Tuesday and Thursday**: from **08:30** am to **1** pm and from **2:30** to **5** pm
- ▶ **Wednesday**, from **08.30** am to **1** pm

Sistema Ambiente, via delle Tagliate III, traversa IV, 136
Borgo Giannotti/Lucca

NOTE: Sistema Ambiente provides one free card for each registered user. It is possible to request additional cards for each user at a cost of £10.

With the application of the pay-as-you-throw tariff, the number of disposals of RUR (non-recyclable waste) will have an impact on the variable part of the tariff for each user.

For the rules and modalities of application, please refer to the tariff regulation and the related rate approval resolutions, which can be consulted on the Sistema Ambiente website.

NAPPIES AND ADULT DIAPERS

Users who need to dispose of adult diapers and/or nappies must complete the appropriate form (downloadable from www.sistemaambientelucca.it) and submit it to Sistema Ambiente through one of these methods:

- ▶ **E-mail**
infoa@sistemaambientelucca.it
- ▶ **by hand at the central office**
via delle Tagliate III traversa IV, 136 - Borgo Giannotti

The form will allow Sistema Ambiente to calculate the tariff without taking these disposals into account.

It is also worth noting that Sistema Ambiente and the Municipal Administration provide a reduction equal to the cost incurred for the **purchase of washable nappies**, up to a maximum value of 100 euros for each child and for each year up to the third year of age.
